**Accepting Entries by:** Mail To: Maine Driving Club: PO Box 249 Topsham, ME 04086  
Email To: [mainedrivingclub@gmail.com](mailto:mainedrivingclub@gmail.com)

**About the Seminar:** Join three incredible speakers as they share their knowledge in their area of expertise.

The Topics:

**10am: Seeing Through the Judge's Eyes - Driven Dressage (Sue Rogers)**

Sue will discuss how a driven dressage test is seen from the judge's perspective, giving participants insight into how to improve their scores. A live dressage demonstration with commentary from Sue will be included, provided the weather cooperates.

**11am: Cones and Obstacles: The Best Approach (Sue Rogers)**

Sue will give insight on how to approach a cones course or obstacle. A cones course will be set up to walk with her during this time.

**11:30am: Questions and Answers (Sue Rogers)**

A fantastic opportunity to ask an FEI advanced driver and a respected combined driving judge any questions you may have. Turnout? Harness and carriage choices? She is there to help you learn anything you want to know about driving!

**12:15pm: How to Lead a Horse - Elsie Rodney**

Most of us lead a horse every day. But, are we doing it correctly and in the safest way? Elsie will show us how it is done.

**1pm: Nutrition for the Performance Horse (Mark Christman)**

Mark is joining us from Poulin Grain to discuss balancing a horse's diet, recent innovation in nutrition, body scoring, and specific things to know when feeding your driving horse. There will be time for questions and answers at the end.
